MICRONIC TUBE READER DT510

The Micronic Tube Reader DT510 is high-speed code reading at its best. The Micronic Tube Reader DT510 is the most versatile single tube reader in the market – it reads the 1D barcodes of the tube and the rack at the front of the reader and the 2D Data-Matrix code of the tube on top of the reader – in less than a second. The barcode scanner has a keyboard wedge functionality so that the scanned data can be sent to many applications. The unique feature of having separate code scanning locations ensures fast and accurate code reading.

IN-HOUSE ASSEMBLY & EXCEPTIONAL SERVICE

At Micronic, we develop and manufacture our premium labware and precision engineered equipment in-house. We are committed to offer top-of-the-line products, delivering exceptional quality, reliability and durability. Above all, we stand behind our solutions, and are confident that you will too.

Micronic Code Readers are assembled in the Netherlands and the United States. High-level service is of paramount importance at Micronic. Therefore, we have well-trained personnel on hand to provide service on equipment. These services range from annual maintenance, installation support and customization, to repairs.

Micronic warrants that its products are of satisfactory quality and conform to applicable EU legislation. If the product turns out to be defective, Micronic will arrange to repair or replace the product during the warranty period. The warranty period begins on the day the product was purchased from an authorized dealer and ends after 5 years for Micronic Reading equipment. In case of product replacement, the warranty start date remains the date of purchase of the original product. Micronic offers an industry leading warranty of 5 years, because we can!

Parameter

Tube Reader DT510

System requirements	1x USB port (at least 2.0)
Scan time	< 1 second
Weight	321 grams / 0.7 lbs
Tube code reading	1D / 2D rack codes and 1D / 2D tube codes
